find your style

THE VISION® BLIND COLLECTION

Our stylish, modern window shades make a bold statement both inside and outside your home. Louvolite's made to measure Vision® blind collection provides an extensive selection of fabrics and colours, allowing you to create the perfect look that's uniquely yours.

Boucle Denim Drift

A GREAT BRITISH LL MANUFACTURER

Vision® blinds are an innovative window furnishing that feature two layers of translucent and opaque horizontal striped fabric that combine to create a striking modern feel.

The back layer moves independently of the front allowing the stripes to glide past each other creating an open and closed effect. This allows you to control the levels of light and privacy to suit your needs.

Natural and sumptuous tonal textures, subtle metallic shimmers and blackout fabric options make Vision® blinds perfect for any room in the home.

MAINTAIN THE VIEW

control the light

Vision® blinds are a striking, stylish and highly practical shading solution for the home.
With distinctive horizontal stripes that gently filter and soften daylight whilst maintaining a view,
they also offer you the option of both light and privacy.

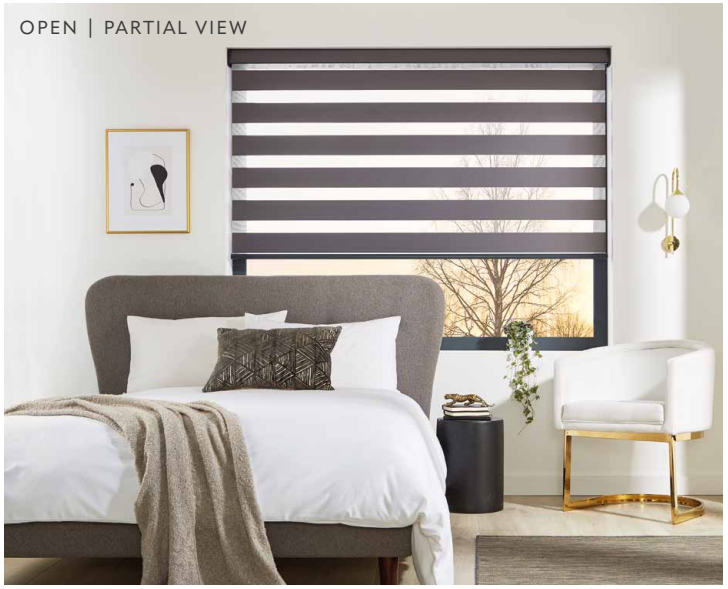

CLOSED | PARTIAL VIEW

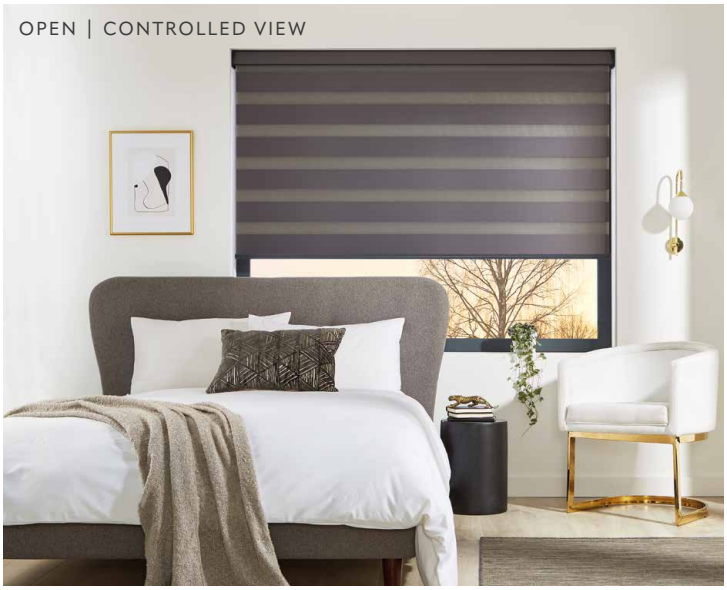

CLOSED | FULL PRIVACY

OPEN | PARTIAL VIEW

OPEN | CONTROLLED VIEW

*Blackout fabric does not create a fully blackout blind, there will be lightstrike at the edge of the blind.

Bella Green

Easy to operate, a single control is used to slide the opaque and translucent woven stripes past each other. The same operation is used to raise or lower the window blind to any height in the window with ease, in the same way as the classic roller blind.

The front layer moves independently of the back allowing the stripes to glide between each other creating an open and closed effect, with limitless light control.

Sliding the fabric into a closed 'opaque-opaque' position allows full privacy and an impressive block of beautiful fabric at your window, whilst the 'translucent-opaque' position creates a stunning striped statement.

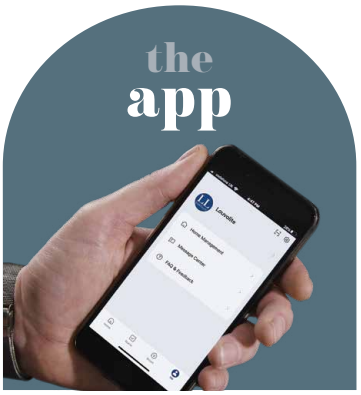

With Vision® blinds you will enjoy the very best in quality, manufacture and design, along with the practicality of a low maintenance window blind.

you're in control

Feel in control when at home or away by motorising your Vision® blinds.

Louvolite One Touch® is an innovative range of battery and mains powered motors to operate single or multiple blinds with either interactive remote control, voice activation with Amazon Alexa, Google Home, Apple Home, Samsung SmartThings or app control on a mobile phone or tablet.

The remote handsets are interactive, so they not only operate your blinds, but also provide you with the battery status of your blind and remote.

The Smart Hub, together with the Louvolite app, allows you to schedule your blinds' operation for added convenience and enhanced home security when you're away from home.
